Technovation, 14(10) (1994) 699–703

Contents of Volume 14, 1994

Number 1

Guest Editorial

George Hayward 1

Industrial Viewpoint

Impact of technological change
B.D. Bamane (Rasayani, India) 3

Refereed papers

A conceptual framework of technological innovation management
Mushin Lee and Kiyong Om (Taejon, South Korea) 7

Rediscovering continuous improvement
John Bessant, Sarah Caffyn, John Gilbert, Rebecca Harding and Steve Webb (Brighton, UK) 17

Innovative recycling of vegetable protein waste for increased crop productivity
Rajesh K. Sharma, Karm Raj Yadav and R.M. Kothari (Patiala, India) 31

Time, timeliness of innovation, and the emergence of industries
Roderick J. Macdonald (Montréal, Canada) and Wang Jinliang (Tianjin, China) 37

Number 2

Industrial Viewpoint

R&D and firm size: some evidence from Spain
Angel Martínez Sánchez (Zaragoza, Spain) 63

Refereed papers

How important is the innovator for the commercial success of innovative products in SMEs?
Sally Caird (Milton Keynes, UK) 71

How flexible manufacturing systems affect tooling and machining enterprises
Albert N. Link (Greensboro, NC, USA) and Perry D. Quick (Washington, DC, USA) 85

University-related science parks—'seedbeds' or 'enclaves' of innovation?
Daniel Felsenstein (Jerusalem, Israel) 93

 0166-4972/94/US$07.00 © 1994 Elsevier Science Ltd

Simultaneously supporting generic competitive strategies by production management: supportive concepts of information technology and work organization
Hans Corsten and Thomas Will (Ingolstadt, Germany) 111

Automation—its concept and a short history
Katsundo Hitomi (Kyoto, Japan) 121

Number 3

Industrial Viewpoint

Going global on startup: a case study
W.Ed. McMullan (Calgary, Alberta, Canada) 141

Refereed papers

Cooperative R&D in government laboratories: comparing the US and Japan
Barry Bozeman and Sanjay Pandey (Syracuse, New York, USA) 145

The formation process of Taiwan's IC industry—Method of technology transfer
Pao-Long Chang, Chintay Shih and Chiung-Wen Hsu (Taipei, Taiwan) 161

The role of local government in technological and industrial development in Nigeria
M.O. Ilori (Ile-Ife, Nigeria) 173

The role of intellectual property rights in stimulating commercialization in ASEAN: lessons from Canada
Atipol Bhanich Supapol (North York, Ontario, Canada) and Fredric William Swierczek (Bangkok, Thailand) 181

Steps for the introduction of technology management in developing economies: the role of public governments
Dimitris Deniozos (Athens, Greece) 197

Number 4

Industrial Viewpoint

A question about focusing—A comment from the firing line
W.Ed. McMullan (Calgary, Alberta, Canada) 219

Refereed papers

Strategy evolution and structural consequences in the US semiconductor industry
John Kanz (Calgary, Alberta, Canada) 221

The role of strategic alliances in the development of technology
Cathy S. Howarth (Burwood, Victoria, Australia) 243

New, technology-based firms as agents of R&D and innovation: an empirical study
Erkko Autio (Espoo, Finland) 259

Number 5

Industrial Viewpoint

The people factor in collaboration and technology transfer: observations and profile
Denis Tither (Manchester, UK) 283

Refereed papers

Emerging biotechnologies and their potential applications in the production and processing of cocoa and palm produce in Nigeria
M.O. Ilori, O.R. Adeniyi and S.O.O. Afilaka (Ile-Ife, Nigeria) 287

Competitive structure and strategic types in the Korean software industry
Jungwon Lee and Jinjoo Lee (Taejon, South Korea) 295

On improving the efficiency of the defence innovation process: an empirical framework
Vinod Kumar, Aditha N.S. Persaud and Uma Kumar (Ottawa, Ontario, Canada) 311

Regional networks of high-technology firms—the case of the Greater Boston region
Franz Tödtling (Vienna, Austria) 323

Number 6

Editorial

Gerhard Rosegger and George Hayward 353

Industrial Viewpoint

The competitive edge in developing a traditional manufacturing business
D.G.M. Brooks (Birmingham, UK) 357

Refereed papers

The evolution of ecodesign
Robin Roy (Mllton Keynes, UK) 363

Quality in research: an empirical study
Roger Miller (Montreal, Canada) 381

Synergistic pay-offs in Indo–US strategic alliances
Atul Parvatiyar (Atlanta, Georgia, USA) and Yash P. Gupta (Denver, Colorado, USA) 395

'Technopolises' as a policy goal: a morphological study of the Wissenschaftsstadt Ulm
Christian Boucke, Uwe Cantner and Horst Hanusch (Augsburg, Germany) 407

Number 7

Industrial Viewpoint

Potential applications of artificial intelligence in telecommunications
Alexander Chablo (Manchester, UK) 431

Refereed papers

Design process dynamics in an experience-based context: a design methodological analysis of the Brabantia corkscrew development
Marc J. de Vries (Eindhoven, The Netherlands) 437

The evolution of university–industry technology transfer in Hong Kong
E. Yegin Chen (Hong Kong) 449

Building the skill-based corporation—the case of Combustion Engineering, 1982–1990
William C. Schulz III (Atlanta, Georgia, USA) 461

The price of art: a case study
Martin Cave (Uxbridge, UK) and Jonathan Michie (Cambridge, UK) 477

Number 8

Refereed papers

Planning market development in high-tech firms
Bruce D. Buskirk, Allan C. Reddy (Valdosta, Georgia, USA) and Edward T. Popper (Louisville, Kentucky, USA) . 493

Using technical norm in explaining technological action
Ari-Pekka Hameri (Espoo, Finland) 505

US university-sponsored technology incubators: an overview of management, policies and performance
Sarfraz A. Mian (Oswego, New York, USA) 515

Interindustry flows of technology: an analysis of the Canadian patent matrix and input–output matrix for 1978–1989
Petr Hanel (Sherbrooke, Quebec, Canada) 529

Industrial Viewpoint

Anaerobic recycling of prehydrolysate generated during the manufacture of rayon grade pulp
A. Rajor, R.P. Garg, R.K. Sharma and R.M. Kothari 549

Number 9

Editorial

Arthur D. Little/Cambridge Consultants and the round tea bag
Ian Guy 571

Refereed papers

The user in focus—the development of a market-oriented corporate culture
Knut Holt (Trondheim, Norway) 573

Managing external design professionals in the product development business
Margaret Bruce and Barny Morris (Manchester, UK) 585

Innovation in crisis: Hungary before and after the watershed of 1989
Borisz Szántó (Budapest, Hungary) 601

Industrial Viewpoint

GATT and the technology base in India
Pawan Sikka (New Delhi, India) 613

Number 10

Refereed papers

Three steps forward, two steps back in automotive supplier relations
Susan R. Helper (Cleveland, Ohio, USA) 633

Strategic management of interactions at the academic–industry interface
Shantha Liyanage and Helen Mitchell (Wollongong, New South Wales, Australia) 641

The Brazilian National Quality Award: sharing some best practices of the winner in 1993
T. Diana L.v.A. de Macedo-Soares and S.G.R. Chamone (Rio de Janeiro, Brazil) 657

Issues of exploitation: evaluating the impact of the European Community Framework Programme on European industry
Nikolaos Kastrinos (Manchester, UK) 679

Industrial Viewpoint

Time for elitism in small and medium-size manufacturing companies
Denis Tither (Manchester, UK) 689
